

Appl. No. 10/049,431
Amdt. dated July 28, 2003
Reply to Office Action of February 26, 2003

IN THE SPECIFICATION:

On a new page after the last page of the disclosure, please add the following heading and paragraph:

ABSTRACT

 A sorting method and apparatus which permits a high sorting speed during the sorting of a group of objects is disclosed. The method and apparatus can be carried out automatically and with simple equipment in some preferred embodiments.
